The Essence of Angels® Essences

The Essence of Angels® vibrational essences are a gift from the Archangels, Master Crystal Energies and the Ancient Mystery Schools of Atlantis, Lemuria, Egypt and the Mayan Civilisation.

Using an ancient form of alchemy called 'Archeon', Simone was guided to align high frequency 'Archangel Elemental Templates' with their Master Crystal Energy counterparts and synergistically blend these energies with sound, colour, sacred geometry and astral alignments.

The result is a range of exceptionally high frequency vibrational essences that are programmed into the Grand Cycle of Evolution to assist people in creating and fulfilling their destiny.

The Essences are major facilitators of change, assisting humanity in re-connecting with the love & peace that resides within, hence creating a Heaven here on Earth.

The Essence of Angels® vibrational essences are a boxed set of 12 vibrational stock bottles from which dosage bottles are made for personal use, or for clients, family or friends. The 12 Essences are used throughout the Essence of Angels workshop to align and consciously awaken each Archangel within you.

The boxed set of Essences contains the following 12 stock bottles:
